# Effective communication tools to reach every employees

Our employee communication platform offers an omnichannel approach with native tools and apps for PCs, TVs, and mobile devices, providing your organization with everything needed to communicate effectively with every employee.

## Corporate Screensaver

Our Corporate Screensaver is an effective tool for reaching every desk employee in your organization. By displaying visual information on inactive PC screens, it brings engaging messages directly to the attention of employees without disturbing them. **LEARN MORE ›**

## Digital Signage

Digital Signage is a powerful communication solution that transforms every TV screen in your organization into a vibrant channel for sharing internal news, important announcements, and more. It keeps your entire audience informed with eye-catching, targeted, and engaging content. **LEARN MORE ›**
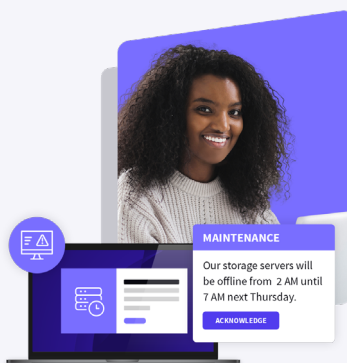

## Employee App

Our Employee App is designed to communicate with all employees, from desk-bound staff to non-desk and remote workers. By delivering information directly to personal devices and facilitating two-way communication, it ensures everyone is informed and engaged. **LEARN MORE ›**
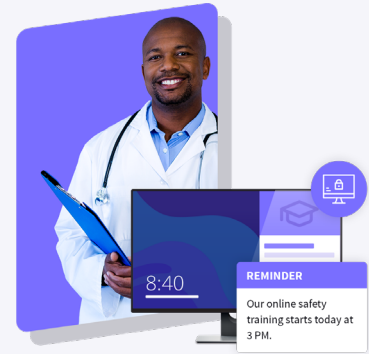

## Desktop Alerts

Our Desktop Alerts enable you to instantly capture your audience's attention for urgent and important matters. You can send breaking company news, emergency notifications, or critical updates to every desk employee, anywhere, and on top of all applications. This ensures that information is seen immediately, effectively prompting action. **LEARN MORE ›**

# Corporate Lock Screen

Our Corporate Lock Screen is a unique tool that unlocks the potential of the lock screen, turning every employee sign-in into a communication moment. It provides an easy and effective way to deliver relevant information and messages, ensuring they capture the attention of everyone in your organization. **LEARN MORE** >

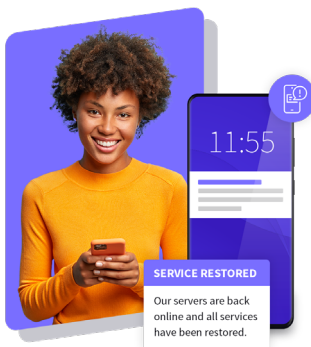

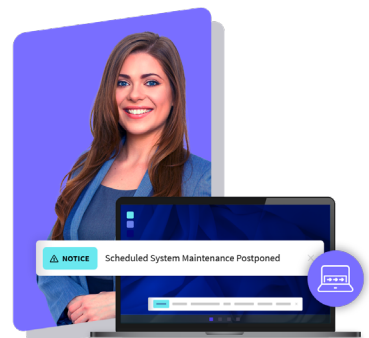

REMINDER

Our online safety training starts today at 3 PM.
